TECHNICAL SKILLS • Express • Flask • Git • GitHub • JavaScript • NodeJs • OneDrive • Python • React • Sequelize • SQL • Smartsheet • Tableau

RELEVANT SKILLS • Data Analysis • Documentation • Project Management • Research

LANGUAGES • English (C2) • Arabic (C2) • French (A2/B1)

PROJECTS

RENT-A-PAD (Real Estate Rental Site) | [Github](#) | [Live](#)

- Built a full-stack Airbnb-inspired platform using Express and Sequelize.
- Developed a RESTful API supporting property creation and user reviews, enabling a seamless user experience.
- Created a clean, responsive frontend with dynamic product pages and user review integration, enhancing product discoverability.

MUSIC CAMP (E-Commerce Site) | [Github](#) | [Live](#)

- Developed a React/SQLAlchemy-Flask-based music e-commerce platform allowing users to upload, browse and purchase products.
- Designed a custom database schema to handle users, products, purchases, and reviews, with seamless relational queries via SQLAlchemy.
- Developed product management and purchase workflows simulating a real e-commerce platform.

CIRCA (Travel Journal) | [Github](#) | [Live](#)

- Built a personal travel journal app using React, Flask, and SQLAlchemy, enabling users to log travel experiences.
- Integrated external geolocation APIs to pull locational data and dynamically fetch map and address data for logged locations.
- Developed custom backend routes for user management, location data storage, and interactive map visualization.
- Implemented sorting and search functions for logged locations for diverse viewing.

EXPERIENCE

PROJECT COORDINATOR (contract) • St. Jude Children's Research Hospital 06/2023 – Current

- Strategized and managed a global team of 23 healthcare professionals toward building a quality improvement program.
- Conducted weekly and monthly meetings and developed team capacity for collaboration.
- Kept reliable records for evaluation and improvement purposes.
- Led and collaborated on proposals, surveys and literature reviews with aims of knowledge acquisition, and sharing.
- Led and delivered an abstract at Pediatric Infectious Diseases Journal 2024 related to applying an improvement strategy for a scoping review on a healthcare testing technology.

INTERN • St. Jude Children's Research Hospital 05/2023

- Part of a team supporting the goal of designing an antibiogram curriculum for healthcare professionals.

EDUCATION

APP ACADEMY • Full Stack Web Development Completed 10/2024

CLARK UNIVERSITY • MBA, Business Analytics concentration Completed 05/2023

CLARK UNIVERSITY • BA, Economics • Honor Society Completed 05/2022
