PROJECTS

* All projects were tested and debugged with strategic console logging, Postman tests, site inspect tool, and documentation.

**Links are kept active but occasionally spin down, taking a couple minutes to load.

CIRCA (React & Flask) | [Github](#) | [Live](#)

- Built a personal travel journal app enabling users to log travel experiences using agile methodology.
- Securely integrated external APIs for an interactive map (OpenStreetMaps), address search (Nominatim), weather forecasting(Tomorrow.io), and locational stargazing data (7Timer) by creating custom backend routes.
- Used Context to persist data across different pages and added autofill for address fields to ensure form completeness and eliminate unnecessary lookups by the user.

RENT-A-PAD (Express & Sequelize) | [Github](#) | [Live](#)

- Created a full-stack rental-housing management platform following waterfall methodology.
- Developed RESTful API supporting property creation and user reviews, enabling a seamless user experience.
- Created a clean, responsive frontend with data-rich product cards, an intuitive product details page with an image carousel and user review integration, enhancing user experience.

MUSIC CAMP (React & Flask) | [Github](#) | [Live](#)

- Developed a music e-commerce platform using agile allowing users to upload, browse and purchase products.
- Designed a custom database schema to handle users, products, purchases, and reviews, with seamless relational queries via SQLAlchemy.
- Developed a design-forward profile page with edit and delete functionality, product management and purchase workflows simulating a real e-commerce platform.

EXPERIENCE

PROJECT COORDINATOR (contract) • *St. Jude Children's Research Hospital* 06/2023 – 12/2024

- Strategized and managed a global team of 23 healthcare professionals toward building quality improvement programs with the listed milestones reached within a year.
- Delivered proposals, designed surveys and conducted literature reviews using standard norms and procedures.
- Led and delivered an abstract at Pediatric Infectious Diseases Journal 2024 on a novel application of an improvement strategy for conducting a scoping review on a diagnostic technology.
- Kept reliable records for evaluation, organized regular meetings and developed team capacity for collaboration.

EDUCATION

APP ACADEMY • Full Stack Web Development

Completed 10/2024

CLARK UNIVERSITY • MBA, *Business Analytics concentration*

Completed 05/2023

CLARK UNIVERSITY • BA, *Economics* • *Honor Society*

Completed 05/2022
